- Thank you to all who auditioned.
 -- These lists represent the **Fall Semester only**. There will be a Spring Semester audition that happens later this year.
 -- There are some slight changes in the way we are doing things this next year. We are dividing Ovation into Varsity and Non-Varsity. The groups will follow similar guidelines, but will meet during different class periods during the school day. If you are chosen for one, that does not mean you are guaranteed that spot in the Spring. You can be moved from one group to the other. On that same note, some behaviors may remove you from any of the groups. Folks who did not audition (or could only be in one semester) are allowed to join us in the non-varsity period, but will not be given priority when it comes to parts in plays.

*Please remember that the purpose of these classes are to educate and train. The plays we produce are extra. With the exception of the "fall play" all shows are open to all theatre students. The work done in these classes are so very important. Your attitude toward placement is being watched and will be taken into consideration when casting and/or auditioning for the Spring Semester. Please do not be negative about your placement. Likewise, if you're happy about placement, please do not boast. This type of behavior is considered unsportsmanlike and will be viewed as such by the directors.
