## **The Little Mermaid**

**December 1-3, 2017**

### **Community Sponsorships**

The Lewisville High School Theatre Department is committed to the continual education and growth of high school students. We are a highly recognized award-winning program. Throughout the school year we will produce the following:

2 Musical Productions  
1 Full-Length Production  
Traveling Children's Show  
UIL One-Act Play Competition

During the past several years, the department has experienced tremendous growth in both student participation and audience support. The department has also embraced a unique "give-back" mission, with community service activities designated as either fundraising efforts or student community service activities.

These activities are made possible with the support of our Community Sponsors. Our district funding and ticket sales cover only a portion of our costs. To cover all our costs, we must depend on community patrons and contributors. Your support is vital.

By becoming an LHS Theatre Community Sponsor, your business will receive incredible exposure. Just this past season, we sold more than 4,000 tickets across all our productions. In our upcoming season, your business could be featured multiple times per month across many venues – show programs, signage, website, etc.
